Professional Summary

Results-driven Web Developer and Digital Marketer with over 5 years of experience delivering high-performance websites and impactful digital marketing strategies across e-commerce, tech start-ups, and service-based industries. Skilled in WordPress development, SEO optimization, Facebook Meta Business Manager, Pixel integration, Online Reputation Management (ORM), and lead generation.

Proven track record of managing full-cycle web projects, boosting organic traffic by over 70%, and driving significant increases in conversion rates. Successfully led a team of developers and marketers to execute campaigns that resulted in measurable revenue growth and brand visibility.

Now seeking to leverage my technical and strategic expertise in a challenging IT Expert role, where I can contribute to digital transformation, system optimization, and online growth initiatives.

Core Competencies

- **Custom WordPress Development** – Expertise in building responsive, fast, and secure WordPress websites using custom themes and plugins.
- **Technical SEO** – Skilled in optimizing site speed, mobile responsiveness, schema markup, and crawlability for higher rankings.
- **On-Page & Off-Page SEO** – Proficient in keyword research, meta tags, internal linking, and backlink strategy to boost visibility.
- **E-commerce Solutions** – Experience with WooCommerce integration, product optimization, and conversion tracking.
- **SEO Audit & Reporting** – Conducting in-depth SEO audits and delivering actionable insights via tools like Ahrefs, SEMrush, and Google Search Console.
- **Page Builders & CMS Tools** – Advanced knowledge of Elementor, WPBakery, Gutenberg, and other drag-and-drop builders.
- **Analytics & Tracking** – Implementation of Google Analytics, Search Console, Facebook Pixel, and conversion tracking systems.
- **Content Optimization** – SEO-friendly content structuring and use of tools like Yoast SEO, Rank Math, and Surfer SEO.
- **ORM & Local SEO** – Managing online reputation, Google Business Profile, and local citations for regional SEO growth.

- **Client-Focused Solutions** – Ability to understand business goals and deliver user-friendly, goal-oriented digital solutions.
-

Professional Experience

Website Developer

Professional Strata, Australia.

May 2025 – Present

- Developed and maintained responsive, SEO-friendly WordPress websites tailored to the strata management industry.
- Integrated lead capture tools, booking forms, and contact systems to improve client engagement.
- Optimized site performance and implemented on-page SEO strategies to enhance visibility.
- Collaborated with marketing and management teams to align website updates with company goals.
- Ensured cross-browser compatibility, mobile responsiveness, and security best practices.

A complete Website Development

Music Point, Bangladesh.

September 2023 – June 2024

- Led the complete development of Music Point's website, from concept to launch, ensuring a responsive, SEO-optimized, and user-friendly experience.
- Built and customized the site using WordPress, integrating e-commerce features, payment gateways, and multimedia content.
- Implemented on-page SEO, speeding up site performance and improving organic search visibility.
- Set up Facebook Pixel and integrated marketing tools to support targeted campaigns and lead tracking.
- Collaborated with the marketing team to align web design with brand goals and audience needs.
- Improved user engagement by 60% and contributed to a significant boost in online sales.

Website Development using Elementor

Trendyfur, Bangladesh.

February 2024 – April 2024

- Developed and maintained responsive websites using Elementor and WordPress, focusing on performance, design, and user experience.
- Collaborated with design and marketing teams to build custom landing pages and e-commerce features.
- Optimized website speed, SEO, and mobile responsiveness to improve user engagement and conversion rates.
- Integrated tracking tools (Meta Pixel, Google Analytics) and implemented lead capture strategies.

Search Engine Optimization (SEO)

BD88 Online Casino, Malaysia.

March 2023 – January 2024

- Developed and executed on-page and off-page SEO strategies, improving keyword rankings and increasing organic traffic by over 60%.
- Conducted comprehensive keyword research, competitor analysis, and performance audits to enhance visibility in a competitive niche.
- Optimized website structure, content, and meta-data to align with Google's algorithm updates.
- Managed link-building campaigns and monitored backlink profiles to maintain high domain authority.
- Collaborated with content and development teams to ensure SEO best practices across all web properties.

UX/UI Designer

Media Zen, Portugal.

July 2024 – January 2025

- Designed intuitive and engaging user interfaces for web and mobile platforms, improving overall user satisfaction by 40%.
- Collaborated with cross-functional teams including developers and marketers to align design goals with business objectives.
- Conducted user research, wireframing, and prototyping using tools like Figma and Adobe XD.
- Led UI redesign projects for key clients, resulting in enhanced usability and increased customer retention.
- Ensured responsive and accessible design standards across all digital products.

Online Reputation Management (ORM)

Reputationia, USA.

march 2022 – April 2023

- Managed online reputation for global clients by monitoring, analysing, and responding to brand mentions across digital platforms.
 - Developed and executed ORM strategies that improved client sentiment and visibility in search results.
 - Removed or suppressed negative content, optimized branded search terms, and built positive online presence.
 - Collaborated with SEO and content teams to align reputation goals with traffic and conversion metrics.
 - Successfully improved client ratings on major review sites and enhanced public perception through targeted digital efforts.
-
